

Pioneering Water Solutions for a Sustainable Future

As the first RO membrane manufacturer in the Middle East, Tasnee stands at the forefront of revolutionary water treatment solutions in the Sultanate of Oman. Our cutting-edge technologies and innovative approaches are reshaping how industries and communities access clean, sustainable water resources.

SUPPORTING OMAN VISION 2040

Tasnee proudly aligns with and actively contributes to Oman Vision 2040's goals through:

- ◆ Economic Diversification
- ◆ Reducing dependency on water technology imports
- ◆ Creating high-value job opportunities for Omanis
- ◆ Promoting technological innovation
- ◆ Environmental Sustainability
- ◆ Supporting sustainable water management
- ◆ Reducing carbon footprint through efficient solutions
- ◆ Promoting renewable resource utilization
- ◆ National Development
- ◆ Building technological capabilities
- ◆ Supporting SME growth through supply chain opportunities
- ◆ Enhancing Oman's position in global markets

OUR VISION

To emerge as the Middle East's premier provider of innovative water treatment solutions, setting global standards for quality and reliability.

OUR MISSION

We are dedicated to pioneering advanced membrane technologies that transform water resource management, delivering pristine water solutions to industries, municipalities, and communities across the region.

PIONEERING SOLUTIONS

- ◆ RO Membrane Manufacturing Excellence
- ◆ Setting New Industry Standards
- ◆ State-of-the-art membrane technology
- ◆ Superior contaminant rejection rates
- ◆ Enhanced durability in harsh conditions

- ◆ Optimized energy efficiency
- ◆ Versatile application capabilities
- ◆ Comprehensive RO Plant Solutions
- ◆ From Concept to Completion
- ◆ Custom plant design and engineering
- ◆ Turnkey installation services
- ◆ Expert commissioning
- ◆ Ongoing maintenance support
- ◆ Performance optimization

ECONOMIC IMPACT

- ◆ Contributing to Oman's Growth
- ◆ Investment in local manufacturing capabilities
- ◆ Technology transfer and knowledge development
- ◆ Export opportunities to regional markets
- ◆ Reduced import dependency
- ◆ Job creation and skill development

Industry Leadership

- ◆ The first manufacturer of reverse osmosis (RO) membranes in the Middle East.
- ◆ Setting regional quality standards
- ◆ Driving technological innovation
- ◆ Supporting industrial self-reliance

INDUSTRY APPLICATIONS

- ◆ Seawater desalination
- ◆ Municipal Applications
- ◆ Drinking water system

WHY PARTNER WITH TASNEE?

Regional Pioneers

First RO membrane manufacturer in the Middle East, bringing unmatched expertise and innovation

Quality Excellence

Superior performance standards ensure reliable, long-term operation

Complete Solutions

End-to-end water treatment solutions under one roof

Sustainability Focus

Energy-efficient solutions promoting environmental conservation

Customer-centric

Tailored solutions meeting specific client requirements

SUSTAINABILITY COMMITMENT

At Tasnee, sustainability isn't just a buzzword—it's our core philosophy. We're committed to:

- ◆ Reducing environmental impact
- ◆ Conserving natural resources
- ◆ Promoting sustainable water management
- ◆ Developing eco-friendly technologies
- ◆ Supporting community development
